You’re at a dance party with all your crip friends
Welcome! We missed you
When was the last time we were together like this?
It’s been far too long

As the beat kicks in, find your rhythm
Feel the beat move through your body--
From your toes
Circling your hips
Up your spine
Out your fingertips
Beaming out the top of your head
Let the words and music take you

Feel the rhythm travel through cyberspace--
From your glowing computer screen
To a dear friend’s
To a stranger’s
Imagine hundreds of glowing screens
Connected to yours
From past to present to future

We dance through pixels, currents, soundwaves
Our bodyminds electric, pulsing, glitching
We dance through time and space
Bringing us together in this moment, in all moments

Can you feel Us together?
